DISTILLING CO.

SINCE 2007

MAYOR PINGREE

American Rye Whiskey (Orange Label)

Mayor Pingree Rye Whiskey is made from a combination of two mash bills and aged for a minimum of 4 years in 53 gallon barrels. This whiskey is a classic representation of an American Rye proving that there is no substitute for proper aging and barrel size. Valentine Distilling invests meticulously in every step of the process and delivers one of the consistently best whiskeys in the American distilling arena.

The Process

Mayor Pingree Rye Whiskey is triple pot distilled, a truly rare method of American whiskey production. Distilling the whiskey 3 times gives Head Distiller Justin Aden the opportunity to coax dramatic flavors created during fermentation which creates esters that will ultimately produce intense fruity notes with texture and mouth feel.

Color: Mild Auburn

Nose: Freshwater cattail stalks, newspaper pulp, hayloft, dusty oak furniture, caramel candies

Mouthfeel: Round, smooth and viscous front bridges sleekly into an abrupt, keynote rye-spice finish

Flavors: Macadamia nut, cashew, rhubarb, wild honey

Notes: "Mayor Pingree Rye is an archetypal example of rye flavors and aromas, presented impressively through a tremendously smooth and mild body that is very difficult to deliver in four year old rye. The 'nature-forward' notes-wild honey, rhubarb, and fresh hayloft collude very well with traditional notes of caramel, dusty oak and the grains hallmark spice finish to produce a quintessential snapshot of rye whiskey at four years along its aging journey. A very friendly and informing pour, excellent for classic rye cocktails."
